

Wrestling Grits In Party Caucus

Liberals Hopelessly Demoralized
Over Grand Trunk Pacific
Job.

One Wing Objects to Proposed Ruin of the Intercolonial Railway.

From Our Own Correspondent.

Ottawa, July 7.—There was a mighty wrestling of the Grits caucuses at a party caucus held in room 14 this morning. Archie Campbell presided and often, it is said, was his dulcet tones heard in words "one at a time." It is given out that the Grand Trunk Pacific was not discussed. Though it was not discussed with a view to finality for the simple reason that finality does not seem to be in sight. Liberal leaders and members are hopelessly demoralized on this question, and so that it might happen that some compromise may be effected to bring the disintegrated party together, the Prime Minister suggested that the question should be laid over for a special meeting to be held Thursday. The cause of the trouble lies in the fact that the government propose to build the line from Quebec to Montreal, which many members regard as no more necessary than a fifth wheel to a coach. They say it will simply render useless the Intercolonial railway, and thus destroy valuable property. Another strong wing of the party is equally pronounced against the proposition that the government, after building the line from Quebec to Winnipeg, should leave it to the Grand Trunk Pacific. These maintain that if the Intercolonial is extended to Winnipeg it should be operated by the government.

The proposed route to the lead industry, was approved, also assistance to the iron and steel industry. Over 20 members protested against the grant of half a million dollars to the shareholders of the Chicago & North Western. Messrs. Fielding and Logan being the only two who spoke in its favor. The proposed route, therefore, will likely be withdrawn. The proposed grant of \$1,000,000 to assist in the establishment of a better cable news service between Great Britain and Canada was endorsed, then Mr. Fielding mentioning that it would be for newspapers to put an equal sum into the project.

It is stated on good authority that the supplementary estimates will contain an appropriation to enable the government to commence preliminary work upon the new departmental block in Ottawa.

Mr. Prefontaine gives notice of two resolutions, one to provide for the abrogation of steamship inspection fees and dues, and for the better regulation of yachts and boats propelled by gas, fluid, naphtha, or electric power; the other to amend the act relating to certificates of masters and mates of ships, providing for a new certificate to be called home trade certificate. The Senate resumed today, Cloran being introduced.

The railway commission bill was under discussion all day in the Commons. Another resolution from the Minister of Finance is to relieve the temporary pressure on currency, which occasionally arises. To meet this, the issue of Dominion notes will be increased from 20 to 30 million dollars. The funds for the redemption of the same shall be 25 per cent. of the issue, in either gold or securities of Canada, the principal or interest of such securities being guaranteed by the government of the United Kingdom. The amount to be held in gold shall not be less than 15 per cent. of the amount issued, and in case of an issue in excess of 30 millions, an amount equal to such excess.

All agencies in connection with printing and issuing Dominion notes shall be paid out of the consolidated revenue of Canada. Should the amount held as security for the redemption of Dominion notes, not be sufficient to pay such notes, presented for redemption, the Governor-in-Council may raise such sum as is necessary to meet the demand, by way of a temporary loan.

Canada's imports and exports for the year ending June 30, amounted to over \$430,000,000, compared with \$414,431,880 last year, and \$231,001,252 in 1896. Canadian firms are invited to tender for the supply of 120,000 hand-woven sleepers required for the South African Railway, but the offer expires July 20. There is talk of an appropriation this session toward the erection of a new departmental block to the parliament buildings for the public service.

The immigration returns for the year ending June 30 show 124,055 arrivals, a marvelous growth, being 57,279 over last year. By nationalities the arrivals were: United States, 44,980; British Isles, 41,387; Continental Europe, 21,438. The 13,455 emigrants for the year were 31,345, an increase over last year of 16,710. In 1896 the entries were 1,867.

GAMEY VISITS ELECTORS.

To Make a Tour of His Constituency—
Winnipeg Failure.

Winnipeg, July 7.—R. R. Gamey, M. P. for Manitoba, is out of the city, and will remain for a few days. Gamey states that since the house prorogued he has spent his time in Gore Bay, and has met with a friendly reception. He shortly intends to embark on a tour to all parts of the island, and will try to meet all his constituents. The Thorpe and Madlock Manufacturing Co., Ltd., wholesale clothiers, York street, have assigned to E. R. C. Clarkson, the liabilities are estimated at \$30,000, with assets nominally about the same. Creditors are largely Toronto firms.

NEW YORK BUILDERS.

Many of the Union in Favor of Accepting Arbitration.

New York, July 7.—Otto M. Edlitz, chairman of the board of governors of the Building Trades Employers' Association, said tonight: "Every union which accepts the plan of arbitration proposed by employers will go to work Thursday morning. The sentiment among the unions is that most of them will accept the employers' plan outside the unskilled laborers. The big fight will come on the acceptance of the plan by the house painters and bricklayers' union, which is supposed to be controlled by Sam Paris. Secret meetings of the union were held tonight to consider the plan.

HEAVY LOGS CRUSH TWO MINERS

On Incline Railway at Morrissey
Two Men are Seriously
Injured.

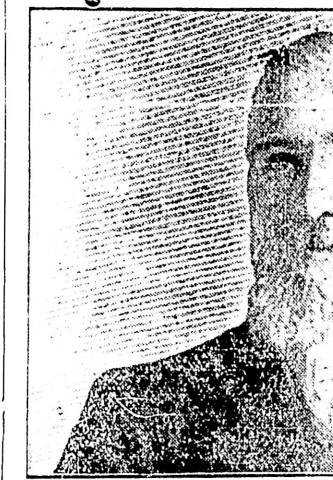

From Our Own Correspondent.

Morrissey, July 7.—Two men were very seriously injured here this evening at the Morrissey colliery. They were riding up a steep, narrow gauge incline railway on some heavy mine timbers, when the logs loosened from the car and rolled over on the unfortunate fellows. One of them is the young son of Capt. Harper Wilson, of Winnipeg. Their recovery is doubtful.

The plans for the Morrissey mines branch of the Canadian Bank of Commerce have arrived from Toronto, and when completed the building will be one of the finest and most convenient banking institutions in the interior of British Columbia. The structure will cover a ground space of 40 by 150 feet, and will be two stories in height, with basement. The upper storey will be used for living apartments by the bank employees. The erection of this building, which will be both elaborate and costly, is an evidence of the confidence of conservative financiers of large experience, in Morrissey mines. This confidence is also expressed in the exceptionally good character of many of the buildings.

Over 50 men are at work digging a ditch for the water main to be laid to the town. The pipe will have a drop of 500 feet in three miles, which will give ample pressure for fire protection, and an abundant supply of pure water for all purposes.

Well furnished, are current that the Great Northern Railway will extend their Great Northern branch from Morrissey to Fernie and Michel this season, and that work will commence at an early date.

PRESIDENT LOUBET, OF FRANCE.

INTERNATIONAL RACES AT VICTORIA

The Next Year's Yachting Programme to be Sailed at
This Port.

Special to the Colonist.

Port Townsend, July 7.—The recent successful meeting of the Northwest International Yacht Racing regatta, held here, furnished the opportunity for a showing of the good feeling existing between Americans and their British brethren of the salt-water contingent, when, in the contest for the next regatta, in which Seattle, as usual, was a prominent competitor, the majority of the American yachts were east for Victoria. As a result of this ballot, the meeting of the yachtsmen will be held in the Vancouver island metropolis next year. This year's regatta was furthered when this pleasantly anticipated had been accomplished by an announcement through Mayor Charles E. Coon, that the "Key City Trophy," a handsome piece, offered as a perpetual challenge cup for the annual Fourth of July regatta here, would still remain as a prize for the fleetest and best handled yacht of the A class, even though the race be held in another country. The sentiment was enthusiastically applauded by the visitors, and everywhere there were expressions of a determination to participate next year and enjoy the world's hospitality of the Victorians. The officers of the association elected to serve the ensuing term were: President, Capt. Fred S. Stinson, of Seattle; vice-president, Capt. Grayville Cippage, of Victoria; secretary, Capt. A. T. Pierce, of Victoria; treasurer, Capt. W. H. Abbott, of Whistler; admiral, F. S. Barnard, of Victoria; vice-admiral, Frank Newman, of Seattle; commodore, Frederick Fischer, of Seattle; vice-commodore, B. W. Ferris, of Seattle, and fleet captain, A. C. Tweedie, of Port Townsend.

RHODES SCHOLARSHIPS.

New York, July 7.—The trustees of the will of Cecil Rhodes have prepared a memorandum for the information of college authorities, and intending candidates for Rhodes' scholarships in the United States. The first election of scholars in the United States under the bequest will be held between February and May, 1904, and the elected scholars will commence residence in October. A qualifying examination will be held in each state and territory, or at centres which may be easily reached. It has been decided that all scholars shall have reached at least the end of the sophomore or second year work at some recognized college-granting university or college of the United States. Candidates may elect whether they will apply for the scholarship of the state in which they have acquired educational qualification or for that of the state in which they have their ordinary private domicile.

PRESIDENT'S CONSULTATION.

Oyster Bay, July 7.—United States Secretary of State John Hay, and the president of the United States, were tonight at Sagamore Hill. Matters of great importance in the country's international relations were considered.

SPECIAL VALUES IN BOYS' SUITS.

Twenty cases neglecting out and ragged shirts, all the latest styles and patterns, to hand. B. Williams & Co.

London Welcomes French President

State Banquet at Buckingham
Palace and Luncheon at
Guildhall.

The Decoration of Legion of Honor Bestowed Upon Ad- miral Beaumont.

London, July 7.—President Loubet has bestowed the decoration of Grand Officer of the Legion of Honor upon the Lord Mayor of London, Sir Marcus Samuel, Admiral Sir Lewis Beaumont, the former commander of the British Pacific squadron at Esquimaux, and Lord Avebury (formerly Sir John Lubbock).

President Loubet's first day in London closed with a state banquet at 8:30 p.m. at Buckingham Palace. It was the most brilliant function the dingy old pile had witnessed for a long time. The company included all the high officials of the kingdom. Mr. Loubet was seated next to the Queen, and the King and the Prince of Wales sat opposite to them. A concert followed the banquet. The cabinet and Royal family were among the guests at the banquet. Presiding at the head of the table, President Loubet, King Edward expressed the pleasure that he and Queen Alexandra felt at welcoming the French President at Buckingham Palace. The King alluded to his recent visit to France and the pleasure he experienced at his friendly reception there. President Loubet responded, thanking King Edward for his reception, and declaring the King's visit to France had done much towards a guarantee of peace for the whole world.

Shortly before 1 o'clock yesterday the Prince of Wales and the Duke and Duchess of Cornwall, preceded by Life

PRESIDENT LOUBET, OF FRANCE.

AMATEUR ACTORS IN PLEASING PLAY

"Prince Charming's Fate" To
Be Given Friday and
Saturday.

Every preparation has been made to the presentation of the play "Prince Charming's Fate," at the Grand Opera House on Friday and Saturday evenings of the play "Prince Charming's Fate." The affair is given for the purpose of contributing to the funds of the Old Men's Home, and will no doubt be largely patronized. Besides the evening performance, there will be a matinee on Saturday afternoon. The cast of characters is as follows:

Prince Charming..... Elmer Dunsun
Tommy Tubbs..... Lord High Keeper of the Candy Box
Lord High Thinker to His Majesty..... Genevieve Irving
Florence Gillespie
Excelsior..... Tom Brown
Jester..... Jack Heyland
Anorel..... Kate King
Polly Peachum Tubbs (Tommy's Sister)
Blowbell..... Kathleen Dunsun
Thumper..... Margaret Little
Herald..... Muriel Dunsun, Edith Brown
Pages..... Gerant and Eric Bolton
Attendants..... Clara Brown and Dunsun
Guardians—Laury Little, Beauty Hecken, Chorus—Andra Parr, Cecelia Hecken, Chorus—Vivian, Margaret, Margaret, Langley, Marion Dunsun, Winona Trapp, Marjorie Rome, Madge Holden, Gladys Pitts, Winifred, Stella Davidson.
Accompanist—Miss Violet Powell.

TEACHING PEOPLE TO RESPECT AUTHORITY

Militia And Special Police Armed
With Shot Guns At
Evansville.

Evansville, Ind., July 7.—The city of Evansville is now under control of Brigadier General W. J. Mackay and Mayor Chas. G. Covert, assisted by a committee of public safety. These steps were taken after a conference tonight. The regular police force will be tried, and will be assisted by the several companies of militia now on guard. All persons found on the streets who cannot furnish satisfactory explanation of their business, will be sent to their homes under guard. The police are armed with shot guns and revolvers. Instructions are to teach the people to respect their authority. Mayor Covert tonight made a statement saying he anticipated no further trouble.

TWO BICYCLISTS.

And the Strenuous Adventures Which Befel Them.

This is the tale of the strenuous adventures which befel certain cyclists who pedaled toward Cordova Bay yesterday. Toward afternoon the weather men in securing their explanation of the blue cloud source, observed in the vicinity of Cordova Bay. Then they saw the air blue for a considerable distance. It seemed as if some electrical disturbance was about to break loose, but it was not this that caused the blue cloud. It was the language of the cyclists.

When the tale of what befel them is told, it is not to be wondered at that the air was blue and the recording angel had to order a gross of "J" pens to keep the records.

They started for the small village at Cordova Bay, and all was merry. For a mile or two they bumped over the pebbles, and then when Todd's Hill was reached there was a little explosion, a sudden escape of air, and one of the riders found that his wheel was on the rim of the hill and useless.

He muttered a few words of invocation, and then he took up the punctured wheel in his hands and hurled it over a fence into a copse, which hid it from the vulgar gaze of passers-by. And then the cyclist walked to where the canvas village was spread, and

Not lost and was the experience of another cyclist. One of his tires blew out, and he muttered a few things which added in the formation of that blue cloud. Then he rode over the pebbles blurring on the rim of the bike as he jammed along to the camp.

As the wheel bumped along, every bone-jerked loudly every nerve in the body was in a state of tension, and a solid rim brought the rider to the camp.

And while one trundled his disabled machine toward the camp, the other, through the dust after spending a pleasant day down where the waves gurgled that pathetic ballad "Walk, den yer, walk, den yer, bump over the road all the way from here to the city, seeing a double d-play of scenery with every rattle.

All

BASEBALL.
Schock and his Everett bunch of ball tossers, who play here on Friday and Saturday of this week, put it all over McCloskey's San Francisco league team. The P-L has the following to say of the game: "Everett fell on Marshall today in the fifth inning and grounded out five runs before McCloskey's team waked up to the fact that there was any danger of losing to an amateur team. Another run came Everett's way in the seventh, making an even half-dozen to the four accumulated by the league team. Two of the latter materialized on a blocked ball. Schock held the leaguers down to five scattered hits and struck out seven, to nine hits and four strike outs off Marshall, who went into the box in place of Stovall.
"Everett's scoring started in the fifth, with a safe hit by Pringle. Donovan and Williams followed with safe hits, and Pringle and Donovan scored on a wild pitch. Williams came in on Kane's two-base hit, and Mills and Linberg followed in due time on things the San Francisco men could not handle fast enough. A safe hit and an error in the seventh let Mills make the circuit and added another to Everett's winning total.
"In this inning San Francisco prospered on Elsey's slow hit to third and steal to second. He scored on Weed's foul single. The same hit advanced Hontz, who got a pass to first, and both Hontz and Weed scored on a blocked ball. Score by innings: 0 0 0 5 0 1 0 0-6
San Francisco 0 1 0 0 0 3 0 0-4
"Summary: Struck out—By Schock, 7; by Marshall, 4. Three-base hit—Elsey. Two-base hits—McCarthy, Donovan, Lindberg, Lent. Batted runs—San Francisco, 1; Everett, 2. Double play—Lindberg. Left on bases—San Francisco, 3; Everett, 10. Time of game—1 hour 45 minutes. Umpire—Grogger. Attendance, 2,000."
This is the sort of a team that the locals will have to go up against this week, and there is no doubt but what the boys in red and white will have to play the game of their lives to win. The Victorians will line up as follows for Friday's game:

Sunlight Soap is recommended, by those who have investigated the different kind of soaps, as being the best and purest on the market. Those who have gone still farther and tried the different methods state that the Sunlight way of washing is greatly superior to ordinary methods because it requires much less work and makes the clothes whiter and cleaner. Because Sunlight Soap is quite pure and free from adulteration it will not injure delicate fabrics or the user's hands.

SUNLIGHT SOAP

ASK FOR THE OCTAGON BAR

Sunlight Soap washes the clothes white and won't injure the hands.

LEVER BROTHERS LIMITED, TORONTO.

THE OAR.
The following crews have been selected to row in the third J. B. A. A. regatta this season, which will be held on the 18th of this month. They will practise on the time set in front of their names:
5:30—P. J. Andrew, P. C. Thomas, E. Robinson, J. C. Pendray.
5:30—P. Austin, D. Leeming, A. D. Bolyea, L. Foot.
5:30—G. W. Knox, V. Gray, A. George, E. Hisecks.
7:00—W. T. Andrews, R. B. King, S. McR. Smith, G. Jamieson.
8:00—H. E. Hobbis, G. H. B. Pritchard, W. A. Jenkinson, S. L. Crocker.
8:00—C. S. Finlaison, J. P. Donaldson, H. W. Lang, W. E. Nason.
Immediately after these races, trial crews will be picked to try out, for the crew to represent the association in the last race at the North Pacific Athletic Association of Amateur Oarsmen's regatta at Vancouver.

LAWN TENNIS.
On Monday next, the 13th inst., the lawn tennis tournament season will commence, the Victoria Lawn Tennis Club annual handicap event having been arranged for that date. The courts have been closed for this week, and are being well attended to and will be in first class order by Monday.
Judging from the number of members who have been constantly during this season the standard of tennis should far exceed that of former years. The local players will, however, require to be in the very best form for the open tournament, which is scheduled for August 3 and following days, as a number of crack players such as Freeman of California, Russell and Newton of Seattle, Goss and others from Portland, Vancouver, and other clubs, are expected to attend, and will, if our players are not in the very best form, carry away most of the prizes, including the championship of British Columbia, which has so far never been taken away from the city. It would not do for our members to allow any one to carry off the same this year, or for years to come, and we trust that our club representatives at the different tournaments will add to their present collection of trophies.
The dates upon which the principal tournaments will be held are: (Cowling), July 22; Portland, July 25; Victoria, August 3; Tacoma, August 11; and Vancouver, August 17. Seattle has not up to the present time notified our club of their date, but it is expected that the same will be held during the last week of August. Members of the Victoria club are notified that the entries for the handicap event close on Friday, the 10th inst., at 6 p.m. Entries may be made on the honorary secretary, whose address is P. O. Box 347, Victoria, B. C.

THE RING.
What promises to be one of the best boxing contests presented this season will be the 25-round event which takes place at the Savoy next Tuesday, between Caesar Attell and Billy Sullivan. The sporting public will remember that these two "big" little fellows met in a 20-round "go" last month, and the referee decided the contest a draw. Both men are anxious to be declared a winner, which will make the event all the more interesting. As a preliminary to the big event, Fido Hill, of this city, will box eight rounds with Tommy Sullivan, who is considered equally as clever as his brother Billy. As the general admission has been placed at 50 cents, the house should be packed.

THE TURF.
The Victoria Driving Club will hold their second matinee on Saturday, July 11, and have provided an interesting programme, consisting of three races, a free-for-all, a gentleman's, drivers' and a colts' race. In addition to these, Mr. W. G. Stevenson has consented to allow "Capt. John," the great son of "Tommyson" and "Fanny Putnam," 2:13, to give an exhibition half mile against his well known rival, while "Capt. John" is but a 2-year-old. Mr. Stevenson promises to break the provincial record for colts, including three-year-olds, and guarantees to show the public faster time than 1:15 for the half mile.

THE RIFLE.
The New Westminster Columbian says: Yesterday evening at 5 o'clock, George Turnbull, Tom Cunningham, Tim Mahoney and John each took a new rifle from the Armories and went out to the Central park range for a practice shoot. They found a beautiful light and the weather conditions generally exceptionally suitable for their favorite sport and from the very start all four made it pretty hot for Mr. Bullseye and when the last shot at the long range had been fired the following excellent score was recorded:

	200	500	600	Total
Turnbull	35	34	33	102
Cunningham	35	30	32	97
John	26	31	34	91
Mahoney	30	27	32	89

It will thus be seen that Turnbull and Cunningham each made a "possible" at 200 yards, while Turnbull and John both fell short by one point at the 500 and 600 yards respectively. Moreover, Turnbull's 102 is a new record for this range, exceeding his own previous best of 101 made in a match and equalled by Chamberlain and Sloan.
So pleased were they all at their success at the 600 yards that they continued to fire ten shots each, out of a possible of 50 points, Cunningham and Turnbull each made 48; John, 47; and Mahoney, 46; a very creditable record, and all the more so because they were trying new rifles.

AN OLD RESIDENT DIES SUDDENLY

Death Recalls a Lengthy Legal Fight of Over a Decade Ago.

Many Victorians will express regret at the announcement of the sudden death on Monday evening at Vancouver, of Atwell C. R. King, who, in the latter half of the 80's conducted a fancy goods store in this city, on Government street. In his early life he saw service in the British navy, and for the past nine or ten years he had charge of the post office and customs house building at Vancouver. He appeared in his ordinary health on Monday until 10:30 p. m., when he was suddenly taken ill, as he was about to retire, and death occurred a few minutes later.
It was in connection with the purchase by bill of sale of the late Mr. King's stock in trade in his store on Government street, that one of the longest legal fights in the history of the province was initiated. The purchaser was the late Joshua Davies, who also passed away suddenly last month.
Immediately after the purchase, the sheriff took possession of the stock on behalf of the execution creditors, and an interpleader action was tried between Mr. Davies and Tutor, Keeton & Co., one of the execution creditors. Judgment was rendered against Mr. Davies, who appealed to the Supreme Court without success.
Mr. Davies then went to the Privy Council in England for redress, but his case was not heard there owing to the want of sufficient notice. Mr. Davies next brought action against Tutor, Keeton & Co. for damages for illegal seizure, and secured judgment for \$8,000, being the price of the stock in trade of Atwell King, purchased by Mr. Davies.
This judgment was reversed by the Supreme Court of British Columbia. Mr. Davies then carried his action to the Supreme Court of Canada, and finally succeeded in obtaining judgment for the \$8,000 and costs against ex-Sheriff McMillan.
As Sheriff McMillan had simply seized the goods under a warrant of execution, the provincial government made a special appropriation for the amount of Mr. Davies' judgment for the purpose of relieving the ex-sheriff.

GREAT INFLUX OF TRAVELERS

Passenger Traffic to Victoria Shows big Increase—The Tourists.

That travel to Victoria is just now very heavy, is indicated by the fact that the Colonist on Tuesday morning published passenger lists of incoming travellers which totalled 275 in number, and this left out of account the arrivals by the E. & N. and the Victoria Terminal system. Yesterday the Sound steamer arrived, and heavy passenger lists, and the volume of travel is likely to increase instead of diminish, as the season progresses. That travel between Victoria and Vancouver will be greatly stimulated by the palatial steamer Princess Victoria is put on the run.
Victoria is never in a better position to entertain tourists—the list of special attractions being excellently complete, rendering it impossible for a dull day to be spent by visitors seeking something to "take in." The Gorge launch service, the trolley coach, the suburban train service and the Douglas Summer garden entertainments are features which never fail to please visitors, and they invariably express themselves as delighted. Following are those who registered at the Tourist rooms yesterday:
A. G. Rathel, Santa Barbara; Miss Margaret Rathel and Miss Marie Rathel, Chicago; Mr. and Mrs. J. J. Hardie, Portland; Miss Whiting, Cambridge, Mass.; Miss Margaret Whiting, New Haven, Conn.; David Rossen, Leslie, Haven, Seattle; Yakima, Mr. and Mrs. Gus MacLennan, Kansas City; Ernest E. Fellows, Winnipeg; Mrs. W. Stalker, Pasadena; A. M. Baldwin, Coquitown, North Dakota; Margaret M. Williams, Victoria; Martha Hyde, Leaville; C. A. Webber, Minneapolis; Mrs. Elizabeth Morris, Indianapolis.

PUEBLA ARRIVES.
The steamer Puebla, from San Francisco, arrived at an early hour this morning.

PERMANENT MUSCULAR STRENGTH.
There is this to be borne in mind in these days when so many men are giving so much attention to physical development, in gymnastic and athletic exercises, that there cannot be permanent muscular strength where there is not blood strength.
Hood's Sarsaparilla gives blood strength, promotes digestion, and assimilation, and builds up the whole system.

TATOOSH REPORT.
Tatoosh, July 7-8 p. m. Clear, west, four miles. Inward, steamers Minelva from San Francisco for Tacoma, at 7:30 a. m. Rainier, from San Francisco for Seattle at 2 p. m. City of Puebla from San Francisco for Victoria at 8 p. m. Inward, steamers Senator from Seattle for Nome, Squana from Seattle for Redonda, bark Diamond Head from Seattle for Honolulu.

Many Liners Now en Route

Big Fleet on the Way From
Yokohama and Ports of
the Far East

Rumor That Big Freighter May
Be Sold to Great Northern
Line.

There are a number of large ocean liners en route to this port. Following the big blue funnel freighter, Telemachus, which is still putting out steel rails, naval stores and other cargo at the Ocean dock, the Japanese liner Shinnano Maru is on her way from Yokohama with general cargo, of the Boston S.S. Co., which sailed from Yokohama on the 24th June, is due, and the steamer Trenton, the large carrier of the Boston S.S. Co., which has a cargo capacity for 18,500 tons of freight, left Yokohama on the 30th, at the same time as the Shinnano Maru. She is due during the coming week. The steamer Empress of India, of the C. P. R. line, is also on the way, having sailed from Yokohama on July 3, and is expected to reach the Ocean docks on Tuesday next, and the Olympia, of the Northern Pacific line, is to sail from Japan today for this port.

The steamer Trenton will be tied up at the Moran shipyard at Seattle, on her arrival. The steamer Shawmut is now at Seattle shipyards. Both vessels are to be fitted up for the passenger-carrying trade with a view to the carriage of troops between the Sound and the Philippines. In connection with the conversion of the two big freighters into passenger carriers, there is a well defined rumor that one of the vessels is likely to be sold to the Great Northern railway at a cost of \$200,000, which is \$100,000 less than cost, for use on the Puget Sound-Oriental line in connection with the big steamers Minnesota and Dakota, which are being completed at New London for the trans-Pacific route's steamship system. Whether the rumor is correct remains to be seen.

The steamer Mowera, of the Canadian-Australian line, is en route to this port, and is expected to arrive towards the end of the week. The steamer is the slowest of the three liners in the Canadian-Australian service, and is not expected to make the voyage as quick as the other two liners. The Mowera will be tied up for a thorough overhauling after her next outward voyage, and will miss her October trip in consequence.

ALMOST WENT OVER.

Heavy List of Victoria Steamer Causes Excitement at Portland.

One of the steamers which sail from the port of Victoria caused quite a commotion at Portland by listing heavily to starboard, so that it was feared that she would turn turtle. The Portland Telegram says, regarding the accident to the steamer: "For a while it looked as if the big hull was going to turn turtle. Luckily the wind was from the southwest, and the vessel's weight thus brought up against the wharf. Only this, it is believed, saved her from exposing her keel."

"The steamer's cargo was nearly completed, and was evenly distributed on both sides, but there being no difference in the weight of the lumber, the last layers between decks proved too much, and when the wind came sweeping down the river the lee side sank deeper and deeper, until finally the rail brought up against the piling of the wharf. A big force of men at once engaged to throw the lumber off, and work is going on with all possible haste today. It was feared this morning that the entire cargo would have to be discharged, in order to stiffen the steamer with ballast. The Stanley Dollar carries water ballast, but is said to have no bulkhead separating the starboard and port holds, and hence, when taking a lurch, the water shifts, unless, as it happened yesterday, the compartments are not completely filled."

The Stanley Dollar, which is loading lumber for Port Arthur, and which sailed from this port, was formerly registered from St. Thomas, D. W. L., played an important part in the Spanish-American war. She was taken over by the federal government at the outbreak of the trouble with Spain, and was used for several months on the Atlantic as the transport Missouri. She saw service carrying troops to and from Cuba and to Porto Rico. Later she was sent to the Pacific, where she was renamed the Egbert. As the Egbert the transport made several trips to China and Manila, and once cruised about the Philippine Islands. She was brought back to the Coast, and when the federal troops were sent to Nome, the Egbert

was used in the Nome-St. Michael service, running out of the Sound cities with government supplies for the federal troops in the North. She made one or two trips to Nome, when ice was running in Behring sea, but came out of it without any trouble.

While in the transport service the Dollar had passenger accommodations rated at 100, which was one of the older al transports which brought down some of the belated miners who waited too long at Nome or found themselves without the means to engage transportation on the regular Nome fleet.

When the government gave up a part of its transport fleet, the Egbert was turned over to the Dollar line, of San Francisco. That was a year ago, and Francisco. The Stanley Dollar, as the transport was named by her San Francisco owners, was given a British register, and now calls Victoria her home port.

THE COASTERS.

Boscovitz Sailed for North West Night and Queen City for West Coast.

Steamer Boscovitz, which has been undergoing repairs at Turpel's ways for some days past, left for Naas and way ports of the northern coast last night, carrying a fair cargo. The shipmen were for the most part of canny supplies, provisions, etc. The steamer Dunbar, which returned from the North on Sunday, will sail for Naas and way ports on Thursday night, and she is expected to have a fair complement of passengers, as well as a good cargo.

The steamer Queen City sailed last night for Quatsino and way ports on the Vancouver Island coast, carrying a good sized cargo, including supplies for the Yreka mine, and a number of miners and other passengers for different coast ports. The steamer Anur, which sailed from Skagway on Saturday, is due today from the Lynn Canal port.

THE SAILING SHIPS.

Overdue Altair Reaches Callao—Accidents to Sailing Vessels.

The Italian bark Altair, which was on the overdue list on account of her delayed voyage from the Sound, arrived at Callao on July 1. The British ship, Kilmerankie, which left Liverpool on the 17th for this port with general cargo, was sighted on June 26 in latitude 41 north and longitude 11 west.

A telegram from London reports that the German ship, Equador, at Cardiff, ready to sail for Puget Sound, had taken fire in her cabin. Another London telegram announced that the British ship Musselrag, from Astoria, had arrived at Alga Bay after a stormy passage in the course of which two of her boats were carried away, the cargo shifted and 40 tons of freight were thrown overboard.

Another marine casualty at Alga Bay is reported by Lloyd's agent there, who says a lighter with 150 cases or packages, ex-British ship Segura, from Tacoma, has been in collision with the wharf at Alga Bay, causing her to leak and resulting in damage to her cargo. The Segura arrived at Alga Bay on June 16. The British ship Oweenee, which arrived at Port Elizabeth on May 3, from Tacoma, with her steel mill to transport her, has been surveyed. As the main lower and topmast are in one, it was recommended that an entire new mast should be put in.

COCOS ISLAND'S MILLIONS

To Be Loaded on Schooner and Taken to San Francisco.

Schooner Hermann has cleared from Sydney, Australia, according to advices from the Australian port, to pick up the Cocos Island treasure en route to San Francisco. Nothing has been said

about finding the elusive millions. The expedition only intends to load the treasure en route north.

The treasure that is sought is, according to Capt. Brown, the same treasure that was once buried on Cocos Island, and which so many expeditions have sought in vain. Capt. Brown claims that it was removed from Cocos Island 50 years ago and all but a part of it reburied on an island which he has not fully disclosed, but which he says is one of the Tahitian group.

He claims that he was one of the expedition which took the treasure from Cocos Island, and that after reburial in the Tahitian group, he was the only one of the whole expedition that ever reached land. He arrived in Australia with a schooler-load of the treasure, but as a blind he went gold digging, and afterwards he went to London to live.

The accounts of the Hermann from Sydney are that the litigation which tied up the vessel yielding up his position as master of the vessel, but that he could not leave the expedition as pilot. Among the party are several men who will probably make life interesting for the venerable captain should he fail to locate the treasure in the search for which they have spent so much time and effort.

MAINE NOTES.

Steamer Spokane, of the Pacific Coast S.S. Company, reached port yesterday afternoon on her fourth excursion trip to the North, with a large number of tourists on board. The excursionists spent several hours in this city taking in its scenic beauties before proceeding north. The steamer sailed at 9 o'clock last night.

Happenings In Police Circles

How an Italian's Road Tax Accumulated Because He Delayed Making Payment.

Peter Manuel Charged With Interfering With Indian Constable Deasy.

Jim Spida was deep in the ditch where the Pandora street sewer pipe is to repose, when Collector Winsky found him.

"Here, I didn't get your road tax," said the collector, "when the others put up."

Spida kept throwing up the gravel of Pandora street, and he was deaf, also dumb, and blind, in as far as the presence of the collector was concerned.

Then Mr. Winsky got nearer the firing line, and leaped over the pit. "Here, Mr. Italy," he said, "I want your road tax."

"Oh you go to — Vancouver," said the man from the land of the organ grinders and former glory.

Then the collector went to the magistrate and secured one of those sky-tinted invitations bearing the imprint of the law. Then he went back to the big Pandora street ditch.

"Maledetto, Celeste de mia—also rotteno penuto," said the Italian. "I've got my fingers crossed and you can't tag me. I don't want your summons."

The collector left it, and it invited Mr. Spida to appear and show cause why he should not pay to the city treasurer the sum of two dollars for a year's road and tear of sidewalks, etc. The Italian failed to appear. Then

W. G. EDEN,
 Auctioneer and Commission Merchant.

one more edition of the sky-tinted papers was issued—a warrant for his arrest, and yesterday he was haled into the lock-up.

"Here—what for you take me," he said in his broken spaghetti. And then the others impressed Mr. Italian on the utility of playing tag with the law. They showed him a room on the first floor, without a bath, where he remained until court sits again this morning.

His failure to pay the \$2 to the collector will now cost him \$6.50. Moral—If you can't dodge the collector, better as quick as you can remember the adage regarding the evils of procrastination.

When Mr. Deasy, special policeman, laid hands on John Alvett, late of Mexico in the Store street cabin, Peter Manuel, who had been disposed to aid the constable—and this is why he appeared before the police magistrate charged with resisting an officer while in the execution of his duty.

Mr. Deasy's chronicle of the strenuous doings when he arrested that pitcher of lager beer, with John Alvett on the side, was repeated.

The officer told of his struggle to handcuff Alvett, and of how Peter Manuel—who was supposedly holding him—let go his arms and foiled the officers efforts. The story of how Manuel pushed the officer into a cabin, and of how he had put his arms around the officer and tried to release the Mexican, and the pitcher of beer, and of the final arrest were told with details.

Then Mr. Manuel said his memory was hazy on the happenings. He had been pretty drunk at the time. The magistrate asked if Mr. Deasy had a warrant when he entered the cabin and arrested Alvett, Manuel and the pitcher of beer.

Mr. Deasy said he had not, and the case was adjourned until this morning in order that the magistrate may investigate the authorities to see if the officer of the Indian department was justified in making the arrests without a warrant—which may have a bearing on the case against Manuel.

Al' Jim was before the magistrate charged with an infraction of the Health Bylaw. He had been carting garbage from a local hotel later in the day than the law allowed—and this cost him \$5 and the costs of the court.

Two cyclists who found the sidewalk smoother riding than the macadam, paid \$3 for choosing the boards. One had a double grievance. Not only was he fined for riding on the sidewalk, but he cut his tire on an abutting nail.

THE WEATHER.

Meteorological Office,
 Victoria, July 7-8 p. m.
 SYNOPSIS.

The barometer is slowly rising over the Pacific Slope and the weather which has been unsettled and cool will be fair and probably warmer. No rain has fallen since the Rockies since morning, while in the Territories and Manitoba numerous showers have again occurred. A moderate westerly gale prevails on the Coast of California.
